

# BOSCH PROFESSIONAL 18V GARDEN TOOLS

# PRODUCT OVERVIEW & USPS

## GHE 18V-60

### Durability

- High-quality diamond ground dual edge blades ensuring top durability
- Precision ball bearings for efficient operation and long life
- Metal blade-tip protector
- Sawing function

### HEALTH

#### Lightweight & improved user protection

- With only 3kg extremely lightweight in this performance class
- Rounded teeth reduce injury risk
- Low noise at 91 dBA

### Strong performance

- Powerful brushless motor
- 3,000 strokes per minute (spm)
- Tooth opening 23mm

### SIMPLICITY

#### Perfect handling and convenient cutting

- Continuous & easy cutting with patented Anti-Blocking System (ABS)
- Ergonomic design reduces strain, making long hours of hedge cutting enjoyable

USP!

# PRODUCT OVERVIEW & USPS

## GBL 18V-750

### SIMPLICITY

- Twist-and-click nozzle attachment
- Variable speed control for optimal precision & full control

### Strong performance

- Powerful 18V brushless motor
- 780m<sup>3</sup>/h volumetric flow
- 198 km/h air speed
- Fan speed: 20,000 rpm

### HEALTH

#### Improved user protection

- Well-balanced & lightweight design (works with one 18V battery) that reduces strain
- Low noise at 95dB

### Durability

- Robust axial fan

\*Product pictures will be updated in CW6 – Name changed to GBL 18V-750

# PRODUCT OVERVIEW & USPS

## GRT 18V-33

### HEALTH

#### Improved user protection

- Low noise of 90dB
- Restart and Overload Protection

### STRONG PERFORMANCE

- Powerful brushless motor
- Constant electronics delivering continuous trimming - even under load
- Pro-Tap spool with 33cm cutting diameter

### SIMPLICITY

#### Convenient trimming with perfect handling

- Well-balanced & lightweight design that reduces strain and makes trimming enjoyable
- Easy & precise control of RPM thanks to variable speed (motor speed 4500-6400 min-1)
- Continuous trimming without interruptions thanks to unique Anti-Tangle feature
- EasyWind spool

### DURABILITY

- High-quality materials
  - durable aluminum motor housing
  - robust spool with aluminum eyelet

# PRODUCT OVERVIEW & USPS

## GFR 18V-23

### HEALTH Improved user protection

- Low noise of 90dB
- Restart and Overload Protection

### STRONG PERFORMANCE

- Powerful brushless motor
- Constant electronics delivering continuous brushcutting - even under load
- Laser Cut blade with 23cm cutting diameter
- Pro-Tap spool with 33cm cutting diameter

### SIMPLICITY Convenient brushcutting with perfect handling

- Well-balanced & lightweight design that reduces strain and makes trimming enjoyable
- Easy & precise control of RPM thanks to variable speed (motor speed 4500-6400 min-1)
- Continuous trimming without interruptions thanks to Anti-Tangle feature
- EasyWind spool

### DURABILITY

- High-quality materials
  - durable aluminum motor housing
  - robust spool with aluminum eyelet

# ATTACHMENTS

## GFR 18V-23

### Standard attachments/ safety components included

Spool & Line

Protective Guard

Auxiliary Handle

Barrier bar

Shoulder Strap

Plant Protector

Blade set

### Recommended accessories

Replacement  
brushcutter blade

Replacement  
brushcutter blade  
set

Cutting line

**Launch 2025**

# PRODUCT OVERVIEW & BENEFITS

## GRA 18V2-46

### STRONG PERFORMANCE 2x18V Powertrain

- Up to 1000m<sup>2</sup> cutting area with 2x ProCORE18V 12Ah
- 2x18V for increased performance and runtime
- Powerful brushless motor
- 46-cm-cutting diameter

**BITURBO**  
BRUSHLESS

### SIMPLICITY & VERSATILITY

**Convenient cutting, collection, mulching and storage**

- 6-level cutting height adjustment (30mm to 70mm)
- 60l fabric grass basket
- Mulching plug
- Space saving storage incl. vertical option thanks to collapsible handle

### HEALTH

**Improved ergonomics & protection**

- Ergonomic soft grip handle with 2-level height adjustment
- Low noise at 94 dBA

### DURABILITY

**Robust metal deck for extended lifetime**

- Full Metal deck – no plastic inserts!
- Robust metal handle frame with bail bar

# Product Overview & Benefits

## GKE 18V-40

Launch 2025

### HEALTH

#### Improved user protection & no exhaust fumes!

- Kickback brake for enhanced safety
- Guaranteed Sound Power Level: 102dBA
- Vibration: 4.5m/s<sup>2</sup> (K Factor 1.5 m/s<sup>2</sup>)
- Electronic motor brake stops chain quickly after trigger release

### STRONG PERFORMANCE

- 40cm bar with Oregon chain suitable for a wide range of applications provides durability & affordability
- Chain speed of 12.4m/s
- OptiCut feature manages and adapts Motor parameters to ensure maximum cutting performance without interruptions
- \*\*Cuts per charge:
  - 5.5Ah = 110 cuts
  - 8.0Ah = 160 cuts
  - 12Ah = 250 cuts

### ROBUSTNESS

#### Adopting proven elements from petrol powered saws

- Tooled chain tensioning with on-board srench
- Metal bumper spikes increase the control when cutting

### SIMPLICITY

#### Comfortable handling and smart design!

- Lightweight & ergonomic design with perfect balance reduces strain, making long hours of work enjoyable
- Translucent oil tank for easy oil level checks
- Opening in battery compartment to clean out wood chips/dust

\*\*10x10cm pressure treated wood with ProCORE18V 12.0 Ah
