VIVACE E

The Evolution of Elegance and Functionality
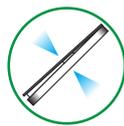

The Evolution of Elegance and Functionality

In a world where technology and design are in constant flux, one thing remains clear: evolution is essential. The Vivace E, where the 'E' stands for Evolution, is not just a new wiring device—it's a leap forward in the way we experience and interact with our environments.

Slim profile

Sleek, frameless large panel

Curved corner design

The high-gloss white finish, pure and refreshing, enhances any room with its understated elegance, while the slim profile and curved corners ensure that the switch doesn't just fit in – it stands out.

Elegance in Perfect Balance

- Exquisite aesthetics, blends seamlessly into various interior styles
- Smooth touch, gentle pressure, and strong rebound, balancing aesthetics with practicality
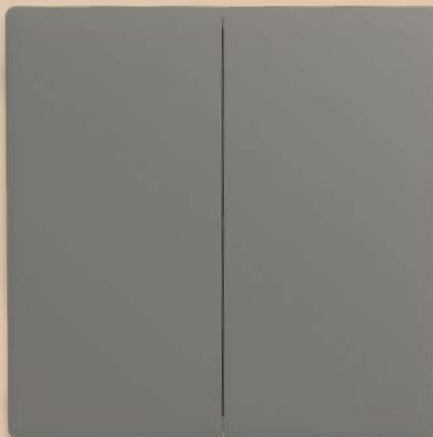

The Colors to Elevate Your Space

Color options you can choose

White

Black

Light Grey
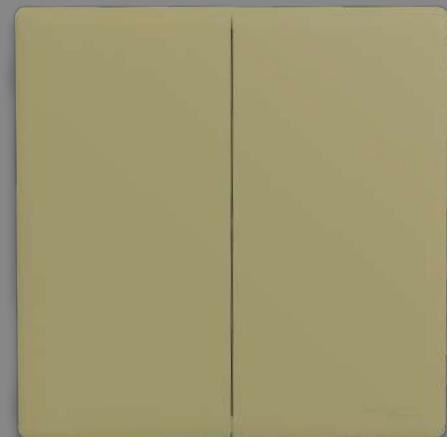

Wine Gold

*actual colors may vary.

Schneider Electric
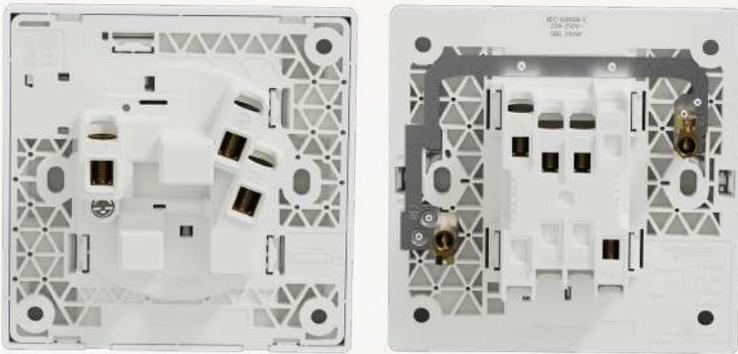

Effortless installation and safety design

- ✔ Easy to install – bigger terminal for cable up to 2.4mm
- ✔ Safety shutter in sockets ensure peace of mind
- ✔ Extra protection double earthing terminal for double pole product

Switches

Environmental Data Program

Next-level transparency for better-informed product choices

The Environmental Data Program is a framework for how we measure, categorize, and compare the environmental attributes and footprint of our products.

Using a rigorous, fact-based methodology, the program provides environmental data from across the product lifecycle.

Five data categories across the product lifecycle
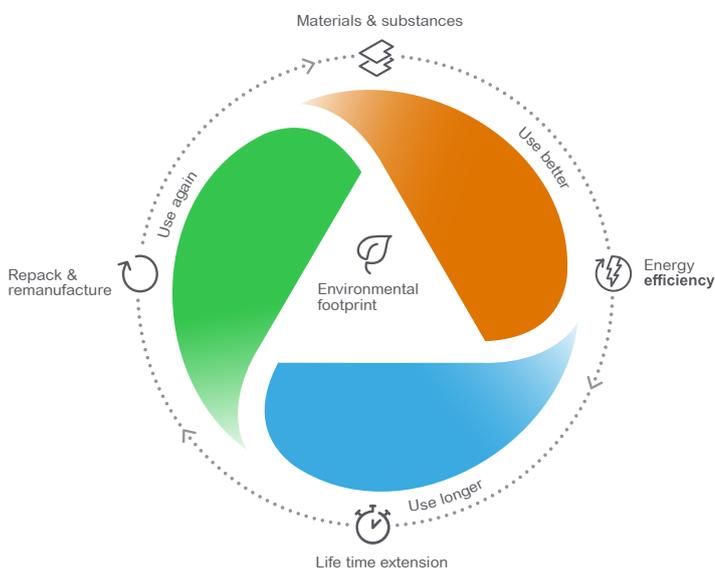

Use Better: How sustainable a product is, including environmental footprint, materials and substances, packaging, and energy efficiency

Use Longer: How a product's life time can be effectively extended in terms of repairability and updatability.

Use Again: How a product can be reused, from dismantling and remanufacturing to recyclability and manufacturer take back.

With this transparent, verified data, customers and partners are empowered to make conscious environmental choices and accurately evaluate and report on sustainability performance.

All our hardware offers have an associated environmental data available on se.com product pages.
