Lighting Collection **2026**

Light up your lifestyle today

You've built a home, and lovingly furnished it to make it your own. A lush sofa set to lounge in comfort, an elegant dining table for family meals and sleek cupboards to hold your possessions. However, no home is complete until the lights are turned on, to bathe everything in an amazing lighting.

Philips has lights for every style. For a proud homeowner, Philips offers its exquisite Home Lighting collection consisting of varied design themes like modern, contemporary, and timeless classics. Choose the products according to the design theme and bring elegance to your home decor.

chandeliers

A chandelier or a centrepiece is a great amalgam of material and design. The design sensibility and material quality assurance of each part of a chandelier ensure that it stays new and retains its aura for many years to come.

Chandeliers bring out the grandeur of your home in a manner that they inspire the onlookers. A perfect chandelier can accentuate the design context of your entire home.

With Philips' handpicked and curated collection of chandeliers, lighting moves into a different league. A league where art, design and technology come together to create an experience that lives up to individual design preferences.

Philips has a nice assortment of chandeliers covering Contemporary, Crystal & Heritage designs to match your taste and aesthetic sensibilities.

**The refined art of elegance,
now in a new light.**

Sparkle

Model No.: 800169

Model No.: 800168

Model No.: 800168

Model No.: 800169

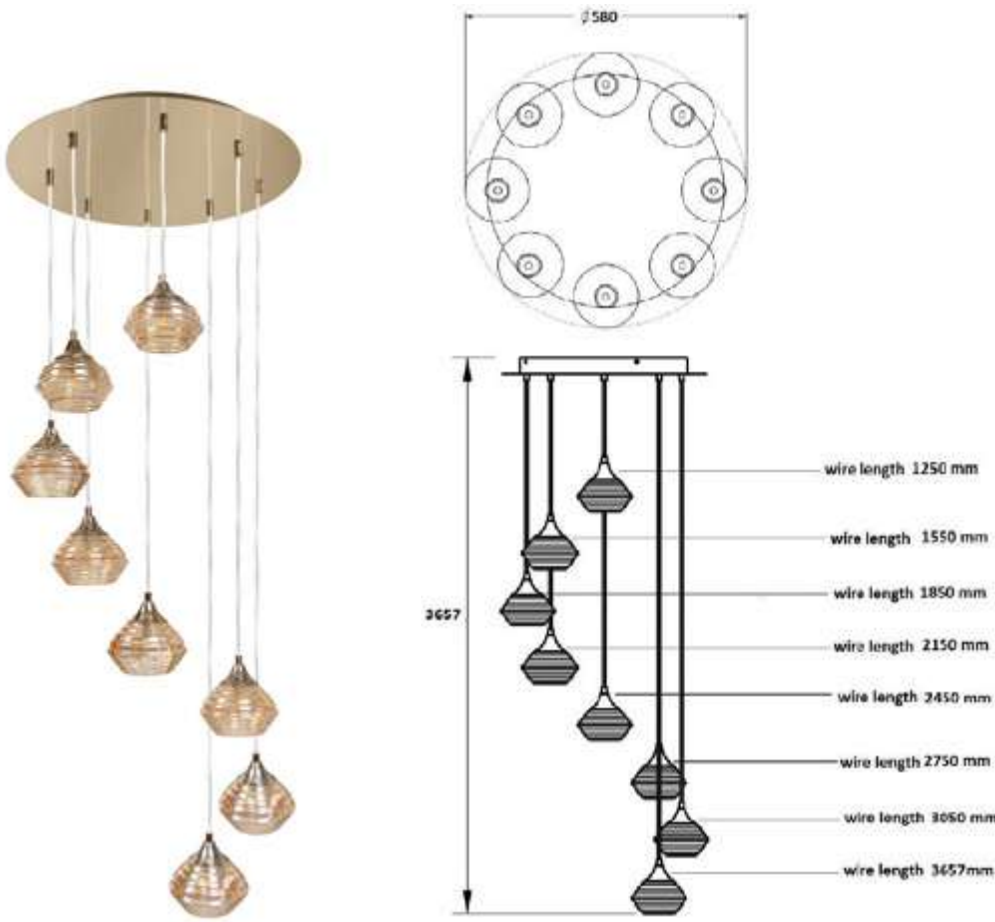

Add luxury to your abode

With its soothing and warm amber color tones embedded in the glass tubes, Sparkle family of products will add luxury to your abode. It is an all-encompassing range which exudes grandeur and warmth. The chandelier is suitable for providing light to a big room having 18 lamp slots, which will take the brightness to the next level. The wall lights are designed to ensure that they act as decorative pieces in themselves whether you switch on the light or not.

Elevate

Model No.: 800094

Dazzling effect on double-height ceilings

Light up your double-height spaces with Philips Elevate 8-head pendant! What sets Elevate apart from others is its unique 'lustre' finish, which adds a touch of luxury and enhances the visual appeal of any room. The high-quality glass ensures that the light emanating from the fixture creates a warm and inviting atmosphere, and its 12 feet (maximum) height ensures that it dangles beautifully from the high ceiling.

- Easy-to-assemble spiral design with varying wire lengths
- High-quality lustre-coated glass for a warm light effect
- Durable stainless steel body for lasting quality

wall lights

Decorative wall lights are as essential to Indian homes as the home themselves. The choice of decorative wall is an extension of the overall decor and design language that the house stands to convey. A great wall light not only complements but also elevates the entire milieu and mood of the house.

Philips has a vast collection of wall lights for all moods and designs.

Have a look at the range and you will definitely pick one for your abode.

Elevate your home's ambience with countless combinations of lighting accessories that allows you to blend your lighting with your decor.

CRI

80

90

Color rendering index (CRI) is a quantitative measure of the ability of a light source to reveal the colors of various objects in comparison with a natural or standard light source. MOD COBs come with CRI>90 which helps in showcasing the objects in their true colors as compared to other LED products.

ATTACHMENTS & ACCESSORIES

COLORS: Choose from 11 captivating colors.

create their own customized fixture

Beam Angle 15°

Beam Angle 36°

Beam Angle 24°

MULTIPLE BEAM ANGLES

Optics - Beam Angles

Optics in COBs are crucial elements, as they alter the directionality and intensity of light from the LED source. Different lens/reflector type helps control the beam angle of the output light, to create either crisp-edged or diffused light, or to concentrate light in certain areas while limiting it in others. The MOD COB is available with options of 15/ 24/ 36/ 55 degree which helps manage the light beam angle to spot/narrow/medium and direct the light as per your needs.

FlexFocus

Adjustable focused light

- Unique design with flexible focus
- 360° rotation to change the light beam
- Available in 30° beam angle
- Longer life with 20,000 hours^

Bathroom lights

Bathroom and kitchen are most involved and intimate spaces in your house. Recreating these spaces with right quality of light and using right form factor for light is extremely important for harmony and wellbeing of the entire family.

The right colour elevates sensory experiences and creates true delight for all. Right form factor ensures that visual fatigue is kept to minimum and space looks light and cheery.

Bathroom adoration

The word 'Meraki' refers to the soul, creativity, or love put into creating something. These wall lights embody the exact meaning of this word, as they have been crafted with utmost precision, so that you can get the best out of your 'me' time which is spent in front of the mirror. With a bright light output and protection from moisture and water splashes, Meraki wall lights are a perfect accessory for bathrooms and powder rooms. Due to their sleekness, they can also be used in balconies, lobbies or staircases very easily.

Voltage: 220-240V

A photograph of a modern, two-story house at night. The house has a dark blue or grey exterior. Warm interior lights are visible through the windows and a large glass door on the ground floor. A wooden deck leads to the glass door, and a path of small, cylindrical outdoor lights runs along the edge of the deck and garden. The sky is dark with some clouds.

Outdoor lights

Other than the functional requirements of lighting and security, Outdoor lighting truly goes beyond illumination. Outdoor lighting defines the silhouette of the home, the very character of it.

The right combination of design and placement can elevate and take the outdoor experience to an entirely next level. The texture and vibrancy of the walls, the garden and the greenery, the fountain and everything else can be accentuated with the wide variety of archetypes available.

Philips lifestyle offers the widest variety of outdoor collection in all design languages. The lasting look and performance of these luminaires are a testimony of great design, sturdy build, and impeccable finish.
